VICK'S EARLY

Scarlet Globe Radish

AS A forcing Radish Vick's Early Scarlet Globe has a reputation as the leading sort — the best in every way. It is handsome in form and color — a beautiful oval and rich scarlet. The amount of its foliage is small compared with other varieties, and small for the size of the Radish. The peculiar merit of this variety as a forcing Radish is that it will bear the heat requisite for forcing without becoming pithy or spongy. The flesh is crisp, tender, juicy and mild. It is equally as good for open garden culture as for forcing, and, therefore, it commends itself equally to the amateur and market gardener.

IMPORTANT.

An Open Letter to all Buyers of Garden, Flower and Field Seeds.

It is an established fact that the year 1901 has proven a record breaker as being the most disastrous in the experience of all growers of seed stocks. Not only at home, but all Europe has suffered in like manner as ourselves.

We firmly believe that in all standard leading sorts, more particularly those of Peas, Beans, Corn, Cabbage, Carrot, and Vine Seeds, not more than 20 per cent. and even less, of an usual crop was harvested. As last season saw a general clearing up of stock in the hands of dealers and jobbers, it verifies our statement that there will be no decline in prices.

Send us a list of the quantities and varieties you will require in your legitimate trade, as it is possible we may have in surplus some sorts upon which we can quote more favorably than our general list will show; but it must be understood we do not make this offer to speculators or brokers, but only to those dealers who sell direct to the consumer or to those who issue seed catalogues.

Let us hear from you. We assure you it will be to your interest. THOSE WHO BUY FIRST BUY BEST.

JAMES VICKS SONS,

ROCHESTER, N. Y.

TERMS.

To all regular customers, orders for seeds, bulbs, or plants, made before June 1st, will be due at that date, and those made after that time will be due 60 days after date of invoice. A discount of one per cent. per month will be allowed when payment is made previous to these dates. **Grass Seed, Clover Seed, Potatoes, and Onion Sets, invariably net cash.** Satisfactory reference required from all new or unknown correspondents desiring credit. We decline to send **C. O. D.** unless a partial remittance is made as guarantee of good faith. Not bound by these prices for any length of time and subject to advance without notice. **We send out no seeds on commission.**

Square and Right Collections of Vegetable Seeds.

We are now introducing a new and very attracive assortment of Vegetable Seeds put up in finely lithographed and unique shaped packets and cartons, all packed in a beautifully finished desk-like Display Case which will prove an ornament to any store counter. This Desk is presented with each Collection of 500 or more packets and the convenience for selling its contents is unsurpassed, beside giving the dealer unexceptional advantages for profit. *Read circular enclosed.*

Vick's Velvet Lawn Grass Mixture in beautifully lithographed cartons and packed in handy display cases.

Pint packages, 85 cents per dozen, retail at $1.20 per dozen.
Quart packages, $1.50 per dozen, retail at $2.40 per dozen.

Boxes of Flower Seeds.

For the convenience of small dealers we put up boxes of seeds in papers, embracing those varieties most in demand, and in such proportions as our long experience has taught us are called for. The boxes are neat, showy and convenient for retailing from.

THE BOX OF FLOWER SEEDS contains $5.00 worth of retail papers; price to dealers $2.00. As these boxes are filled early in the season, before the press of business begins, no changes can be made from the assortments we have put up.

HANDSOME SHOW CARDS furnished with order.

For the assistance of those selling our seeds, we will furnish a reasonable quantity of VICK'S LITTLE GEM CATALOGUE free with each order when requested.

SHIPPING.

Purchasers will please send explicit shipping instructions with each order; where no such instructions are given we shall exercise our best judgment in the matter; but when goods have been so delivered, in first-class condition, addressed as ordered, we disclaim all responsibility for any accident, damage or delay on the route. When goods are desired sent by mail, postage must be added at the rate of 8 cents per pound.

☞ Bags, boxes, and barrels will be charged at cost. No charge for cartage or packing.

Our Muskmelon and Watermelon Seed is unsurpassed in quality, and can be relied upon to produce "true to name" fruit.

For description of all the leading varieties of Melons, see Vicks' Garden and Floral Guide, pages 36–39. For special prices, see pages 14 and 15 of this Catalogue.

Trade List for 1902.

☞ *A Telegraphic Cipher is attached to each article, which will enable orders to be sent by wire at comparatively little expense. For example:*

Two Bacon means two bushels Extra Early Red Valentine Beans; or

Fifty Beget means fifty pounds Egyptian Blood Turnip Beet, etc.

This Telegraphic Cipher cancels all formerly printed.

Ten pounds or more will be charged at 100 pound rates.

In some few articles in larger lots than herein quoted we will make special prices by mail or wire.

CORN—SWEET or SUGAR.

Sweet Corn if exposed to a low temperature in transit, even after being thoroughly cured, will gather more or less moisture and sometimes spoil. To avoid this, the corn should be examined as soon as received and if necessary spread out in a dry place. For smaller quantities than quoted use price in Retail Catalogue.

FLOWER SEEDS.

The flower seeds we offer are grown largely upon our own farm; others we have grown for us on contract and under our personal supervision by the very best specialists both at home and abroad, and (which is of great importance) in climates and soils best adapted for each particular variety. The seeds used in mixtures are selected from flowers the *brightest in color* and *most perfect in form* and can be relied upon for purity and vitality. Therefore our seeds must not be classed with the cheap sorts picked up here and there, simply because they can be bought and sold cheap, and which are offered by unscrupulous dealers at ridiculous prices, making such seed dear at any price. A slight advance will be charged on quantities less than quoted.

It is quite important that a mixture of Sweet Peas should be intelligently composed. This can only be accomplished by growers who, like ourselves, are in a position to watch and care for the crop while in bloom, and when making selections see to it that the bright or telling colors predominate. Our mixture contains about twenty-five varieties and we are confident it will give universal satisfaction. With our immense stock and low prices we are prepared to fill in any quantity all orders for this favorite flower.

The "Victory" Lawn Mower.

Named after the flagship of one of the greatest naval heroes that ever lived—Nelson's "Victory," and, like that immortal admiral, it is in a class by itself. Both are incomparable.

ITS SPECIAL FEATURES.

Ball Bearings, of the very highest grade, exact to ¼ of 1-0000 of an inch, which reduce the friction astonishingly, and render it possible to use much wider machines than heretofore. A 24-inch mower can now be operated as easily as the old parallel bearing mower only 16 inches wide.

A Removable Cutter Bar, which, by loosening four small screws, may be rolled out of the machine for sharpening, without disturbing the frame. A very valuable feature, found in no other make of mowers.

A Solid Rectangular Frame, that cannot be jarred or twisted out of parallel.

Double Steel Ratchet, like lightning in action, like adamantine in hardiness and durability. By using two pawls in each pinion, the chances of the pawls engaging the clutch part of the pinion are doubled, and the durability is increased ten fold.

Triple Gear entirely closed, so that no dirt or cut grass can find their way into the pinions.

PRICES: 16 in., $7.50; 18 in., $8.50; 20 in., $9.25; 22 in., $10.00; 24 in., $10.75.

THE AUTO-SPRAY

Perfect in Mechanism, Material, and Workmanship. Will do all that any Spray Pump will do, and much more.

Every Machine Warranted perfect and satisfactory, or purchase price refunded.

Eight to ten strokes of plunger compresses enough air to spray one-fourth acre of potatoes. A Boy can do a Man's work.

No wasted material. Sprays as fine as mist. Made in all brass, or with galvanized steel reservoir.

Capacity, four gallons. Weight empty, 7 pounds. Weight loaded, 39 pounds. Shipping weight, 12 pounds. Express charges to common points through one express company, 35 cents.

This is the strongest and most durable compressed air machine made. Money cannot produce better.

Utility considered, the brass machine is the cheaper, and we strongly commend it.

Extension pipes are heavy and sustain themselves in use. They cost extra.
